

Pool supporter

I READ the article in the *Journal* on Cr Geoff Lake's new stance on the Oakleigh pool and am pleased to hear that he is now a supporter of the facility.

Residents will agree that the pool has been left to run down over decades and we have seen many councillors come and go.

We don't really care who is guilty of neglect. Just get on with it.

Keep our kids active and healthy in the great outdoors rather than in a glassed-in facility.
