

# Council must act in interests of the public

OAKLEIGH MONASH LEADER

3 July 2006

AS a resident of Oakleigh I am shocked and outraged at the plan to close the Oakleigh Swimming Pool. Countless summers we have flocked to the pool to swim, socialise and cool down.

The pool is a part of Oakleigh's history and is valued by the community. Children, adults, clubs and schools alike regularly use the pool in summer. The closing of this pool would be detrimental to the residents of Oakleigh.

Being one of the few places in Oakleigh for both social and recreational purposes for all ages, it would be an insult to allow the pool to be replaced with a Splash-pad park, which will only attract a limited age group.

The amount being spent on this splash-pad could easily be used to renovate the pool instead and would prove a worthier cause. I sincerely hope that the council will begin to act in the best interests of the people of Oakleigh and reconsider the closing of the pool.

Elizabeth Reeder, Oakleigh.

## Rate hike tough

AS a ratepayer of the Monash Council that I strongly object to the rate rise that council is about to impose.

As you are very well aware, the cost of living is hard enough and wages have not increased but everything around us goes up at a second's notice. Are the rates going up to pay for the petrol for the cars that the ratepayers supply you?

Also leave our pool alone.

## Have your say

Readers can write, fax or email to the Leader letters page.

Preference is given to short, typed letters. We reserve the right to edit letters. Letters must carry full name, address and phone number.

It gives me and countless others a great deal of pleasure in summer. Not only does it keep us cool but fit as well.

Not all of us can go up to the Waverley complex to use the pool. The location of Oakleigh Pool is ideal. Or is the location of the pool a reason to get rid of it so it can be sold for the greedy councillors?

Anne Moore, Hughesdale.

## Disadvantaged

REGARDING the closure of Oakleigh Pool, I believe that this proposal is terrible.

I have now lived in Oakleigh South for three years and have been hoping for a convenient place to swim. It is a fair distance to other pools and is inconvenient for many of our ratepayers.

There are many hazards with a splash pool, such as children running, knocking each other, it would be quite cold at times.

It is also suggested that the diving

Oakleigh pool is a part of the suburb's history and is valued by the community, one reader says.

N300853

pool be kept, which is hazardous with the children using the other pool.

I have heard that our rates will increase again this year by more than 6 per cent, possibly 9 per cent with proposed further increases by 6 per cent in 2007 and 6 per cent in 2008. Where is this revenue to be spent if we are to get such a second-rate swimming facility? Oakleigh is being grossly disadvantaged.

Denyse Jones, Oakleigh South.

(EDITOR'S note: Monash Council's draft 2006-07 Budget proposes a rate rise of 8.95 per cent. The council is expected to approve the rise at its June 27 meeting.)

## Share facilities

WITH land and building prices in suburbs at premium levels, we must start using public, church land more by sharing facilities.

Small 50-bed hospitals in major shopping centres for minor complaints;

- Good planning in tidying and cleaning;
- Organisations sharing land and buildings;
- Creating more urban permaculture farms.

Ian Maybourne, East Oakleigh.

## Doom and gloom

RATE increases of 9.8 per cent, increases in fees and charges, major concerns with building applications, \$100,000 for a fish, pool closures, and all those issues that represent doom and gloom are just some of the issues with Monash Council.

At last we have some good news - Cr Geoff Lake is giving us some relief. He is resigning from the MAV and the Australia Local Government Association. I now look forward to the end of his term as a councillor with Monash.

Jack Davie, President, Monash Ratepayers Association.

## SMS LETTERS

WOULD the Kittens car wash-bus be allowed on an intersection in Malvern, Glen Iris? I don't think so. Council says it isn't breaking any laws. Would Stonnington Council have different laws?

- Lisa, Oakleigh South

I find the bus for the Kittens car wash extremely offensive.

- Chiau Chong, Carnegie

No, the car wash is a disgrace.

-Terri-anne Leeson, Murrumbena

No, to Kittens car wash. I'm tired of near-naked women plastered everywhere, let alone strippers making the "normal" women feeling bad about their bodies when going about their daily business and explaining them to their children.

- Mandy Bounds, North Caulfield

The Oakleigh pool should not be shut. Closing the pool would be a slap in the face to local residents young and old.

- Nadia Venter, Chadstone

Keep Oak Pools open!

- George Donni

We want Oakleigh pool to stay open. - Jennifer Mariner, Oakleigh
